NOTES TO THE CONDENSED FINANCIAL RESULTS

for the year ended 28 February 2022

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

1.1 Statement of compliance and basis of preparation

The audited Annual Financial Statements from which the condensed Financial Statements were extracted have been prepared on the going concern basis in accordance with, and in compliance with, International Financial Reporting Standards ("IFRS"), International Financial Reporting Interpretations Committee ("IFRIC") interpretations issued and effective at the time of preparing these Annual Financial Statements, the Companies Act 71 of 2008 of South Africa, as amended and the JSE Listings Requirements.

These audited Annual Financial Statements comply with the requirements of the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council.

These audited Annual Financial Statements have been prepared on the historic cost convention, unless otherwise stated in the accounting policies. They are presented in Rand, which is the Company's functional and presentation currency. These accounting policies are consistent with the previous period.

1.2 Significant judgements and sources of estimation uncertainty

The preparation of Annual Financial Statements in conformity with IFRS requires management, from time to time, to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Management have made significant judgements and estimations in applying accounting policies for the following:

- Fair value measurement;
- Segment reporting by applying a single reporting segment approach; and
- Investment entity exemption.

Key sources of estimation uncertainty

1.2.1 Fair value measurement

The Company makes assumptions regarding the determination of the fair value of the financial instruments. This is the major source of estimation uncertainty at the end of the reporting period. Information regarding the significant unobservable inputs into the valuation is disclosed in note 4.

NOTES TO THE CONDENSED FINANCIAL RESULTS (continued)

for the year ended 28 February 2022

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

1.2 Significant judgements and sources of estimation uncertainty (continued)

1.2.1 Fair value measurement (continued)

The basis of valuation of the Company's investments is fair value through profit or loss ("FVTPL"). Fair value is determined at the end of each reporting period, in accordance with the valuation policy outlined below.

Basis of valuation and approach

The fair value approach of the investments under management is determined as at the measurement date in accordance with the principles of IFRS 13: *Fair Value Measurement*. Fair value is defined as the price that would be received for an asset in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that a hypothetical transaction to sell an asset takes place in the principal market or in the absence, the most advantageous market for the asset.

The primary valuation methodology for the underlying investments under management held through Mahube Capital Fund is the discounted cash flow ("DCF"). Management uses judgement to select the most appropriate valuation method. The DCF method is used to derive the fair value, being the discounting of the expected dividend income from the investments, of an asset using reasonable assumptions on the estimations of expected future post-tax cash flows (dividend income) over the term of the power purchase agreements, i.e. free cash flows to the Company. These cash flows are discounted to the present value by applying the appropriate discount rate that captures the risk inherent to the investment. The Company uses sum of the parts valuation method to measure the fair value of Mahube Capital Fund.

Key sources of significant judgement applied

1.2.2 Segment reporting

Mahube is an investment entity holding most of its investments in operational infrastructure assets on which its revenue is earned. All the investee entities are independent power producers established as part of the South African Renewable Energy Independent Power Producer Procurement Program ("REIPPPP") with 20-year power purchase agreements ("PPA") with Eskom Holdings SOC Limited ("Eskom"). The PPAs are guaranteed by the South African National Treasury and the expected return is the same for the investment portfolio. Based on this, any operating segment that would be identifiable based on how Mahube is structured and the nature of its asset were aggregated into a single operating segment because the economic characteristics of these investments are similar, and all have the same geographical location. IFRS 8.12 permits aggregation of segments on this basis. The chief operating decision maker makes decisions and assesses Mahube's performance based on the investment portfolio entirely. On this basis Mahube consider itself as a single operating segment, and therefore no entity specific disclosure related to segment reporting were provided.

1.2.3 Investment entity exemption

Management applied our judgement in terms of IFRS 10 and came to the conclusion that Mahube does meet the IFRS 10 requirements of an investment entity. Management have reached this conclusion on the basis that Mahube Capital Fund:

- has the purpose of providing investment management services to its investors being Mahube and RMB Investment and Advisory (Pty) Ltd;
- has committed to invest funds solely for the purpose of generating returns from capital appreciation, investment income, or both; and
- it evaluates performance of its investments primarily on a fair value basis.

Mahube is an investment entity listed on the JSE that:

- commits to its investors that its business purpose is to invest in operational infrastructure assets in Southern Africa for returns from investment income;
- obtains funds from various equity investors to provide them with investment management services; and
- measures and evaluates the performance of substantially all its investments on a fair value basis.

Mahube meets the definition of an investment entity as per IFRS 10 based on the following:

- The Company has obtained funds from various investors for the purpose of providing them with an operational and appropriately derisked secondary investment opportunity for investment income.
- The Company's business purpose, which was communicated directly to investors, is investing in infrastructure assets that are operational or near operation, offer low risk with inflationary linked investment returns.
- The performance of the subsidiary's investments are measured and evaluated on a fair value basis.

Mahube Capital Fund also meets the definition of an investment entity as:

- Mahube Capital Fund has obtained funds for the purpose of providing investors (Mahube as ordinary shareholder and RMB Investment and Advisory (Pty) Ltd as preference shareholder) with an operational and appropriately derisked secondary investment opportunity.
- Mahube Capital Fund's business purpose, which was communicated directly to investors, is investing in infrastructure assets that are operational or near operation, offer low risk with inflationary linked investment returns.
- The performance of Mahube Capital Fund's investments are measured and evaluated on a fair value basis.

The investments are not held indefinitely as the intention is to hold the investments until the end of the power purchase or concession agreements of the underlying project companies. If not exited earlier Mahube will hold the investments until the end of the power purchase or concession agreements, post which the equity interests will be liquidated or sold in the secondary market.

NOTES TO THE CONDENSED FINANCIAL RESULTS (continued)

for the year ended 28 February 2022

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

1.2 Significant judgements and sources of estimation uncertainty (continued)

1.2.3 Investment entity exemption (continued)

The exit strategy with respect to the equity interest in Mahube Capital Fund is to liquidate the entity when all its underlying investments have ceased to generate cash inflows which is linked to the period when the last underlying Power Purchase Agreement is due to expire, currently being 2035; or unbundle the underlying interests to shareholders through a distribution in specie. Management's intention is to set up any future infrastructure projects in a new structure and not to utilise the existing Mahube Capital Fund.

In light of the above, in terms of IFRS 10.31 Mahube is in compliance with IFRS 10 in terms of meeting the requirement for an investment entity exemption and therefore measure its investments at fair value.

An investment entity which acquires an interest in a subsidiary shall be exempt from consolidation or equity accounting in terms of amendments to IFRS 10 and IAS 28 and shall measure an investment in a subsidiary at fair value through profit or loss.

2. PREPARATION

The audited Annual Financial Statements from which the condensed Financial Statements have been extracted have been prepared by the Finance Director, P Lewis CA(SA), and approved by the Board.

The audited Annual Financial Statements were audited by the Company's external auditor, BDO South Africa Incorporated. A copy of their unmodified audit opinion is available from the Company's registered office and can be sent by email, upon request. Any reference to future financial performance included in this announcement, has not been reviewed or reported on by the external auditor. The auditor's report does not necessarily report on all the information contained in this report. Shareholders are therefore advised that in order to get a full understanding of the nature of the auditor's engagement, they should obtain a copy of the auditor's report together with the accompanying financial information from the Company's registered office.

4. EARNINGS PER SHARE

In the year under review, earnings per share amounted to 118.93 cents per share compared to 21.71 cents per share in the corresponding period. Basic earnings per share is determined by dividing profit or loss attributable to the ordinary equity holders by the weighted average number of ordinary shares outstanding during the period. Profit or loss attributable to the ordinary equity holders is determined as profit or loss after adjusting for the tax effect.

Basic earnings per share

	12 months ended 28 February 2022	12 months ended 28 February 2021
Basic earnings per share (cents)	118.93	21.71

Basic earnings per share is based on earnings of R65 592 102 (2021: R11 975 535) and weighted average number of ordinary shares of R55 151 000 (2021: R55 151 000).

Headline earnings per share is calculated using SAICA Circular 01/2021. The calculation of headline earnings per ordinary share is based on the weighted average of 55 151 000 (2021: 55 151 000) ordinary shares in issue during the year.

There were no potential dilutive shares in issue, or headline adjustments required, therefore diluted earnings per share, headline earnings per share, and diluted headline earnings per share were in line with basic earnings per share.

5. DIVIDEND DECLARATION

On 26 May 2022, the Board declared a final gross dividend of 32.00 cents (25.60 cents net of dividend withholding tax) per share for the period ended 28 February 2022. The dividend has been declared from the Company's income reserves. The dividend will be paid on 25 July 2022.

The Company paid its interim cash dividend of 18.00 cents per share for the six months ended 31 August 2021 on 28 December 2021. The final gross cash dividend of 32.00 cents per share brings the total dividend for the 2022 financial year to 60.00 cents per share.

REMUNERATION COMMITTEE REPORT

The objective of this report of the Remuneration Committee (the "Committee") is to provide an overview and understanding of Mahube's remuneration philosophy and to report on the remuneration paid to Executive Directors and the Non-Executive Directors.

COMPOSITION AND MEETING ATTENDANCE

During the period under review the Committee comprised the following members:

- Independent Non-Executive Director Thembani Bukula (Chairperson)
- Independent Non-Executive Director Sisanda Tuku
- Independent Non-Executive Director Eddie Mbalo

The Board is satisfied that the members of the Committee have the necessary skills and experience to enable the Committee to fulfil its duties. An overview of the Directors' qualifications and experience appear in the Integrated Annual Report.

In line with the recommended practices of King IV™, the Chairperson of the Board of Directors is a member of the Committee but is not its chairperson. The CEO and the FD attend the meetings of the Committee as standing invitees but recuse themselves from the meeting before decision-making pertaining to their remuneration, including bonuses.

The number of meetings and attendance per committee member, during the period under review, is shown in the corporate governance section of the Integrated Annual Report.

ROLE AND RESPONSIBILITIES

The Committee is responsible for overseeing the governance of remuneration matters. It is specifically responsible for ensuring that the Company remunerates its Executive Directors fairly and responsibly, and that the remuneration policies in place serve the Company's long-term interests. In discharging its responsibility, the Committee reviews the remuneration policy and its implementation on an annual basis. The remuneration policy and implementation report are outlined in the remuneration report.

The Committee operates under terms of reference that are aligned with the recommendations of King IV™ and are reviewed on a regular basis. In addition to the above, the Committee's duties and responsibilities include:

- ensuring, in consultation with the Nominations Committee, that formal succession plans for the Board of Directors, the CEO and the FD are in place;
- reviewing other remuneration-related matters, as the Board of Directors may direct from time to time;
- ensuring that the Directors and executives are fairly and responsibly remunerated and that the disclosure in respect thereof is accurate and transparent. The Committee does this by overseeing the implementation of remuneration policies in relation to the Executive Directors and the Non-Executive Directors, reviewing the outcomes of the implementation of these policies and evaluating whether they promote the achievement of the Company's strategic objectives and encourage high individual performance. Where circumstances necessitate, the Committee recommends to the Board of Directors appropriate improvements in the remuneration structure; and
- considering the results of the CEO and the FD evaluations in determination of bonus awards.

ACTIVITIES DURING THE YEAR

The Committee met once during the year and focused on:

- overseeing executive management's engagement with shareholders regarding the Company's remuneration policy and implementation report;
- reviewing the Committee's terms of reference;
- assessing the outcome of the Committee's self-evaluation;
- overseeing the development of a staff incentive scheme, which is earmarked to be a key instrument in the Company's revised strategic direction;
- considering the human capital requirements of the Company;
- assessment of the proposed revisions to fees payable to the Non-Executive Directors prior to recommending to the Board of Directors and then to shareholders for approval.

In its assessment of the proposed revisions to the remuneration to be payable to Non-Executive Directors, the Committee considered the proposed new fee structure against a benchmark of the Company's peers. The proposed increments are reasonable when compared to the remuneration paid by peer companies to their Non-Executive Directors.

The Committee is satisfied that it has fulfilled its responsibilities in accordance with its terms of reference for the reporting period.

PLANNED FOCUS AREAS FOR FY2023

Future focus areas include the finalisation and implementation of a staff incentive scheme that will enable the Company to award short-term incentives and long-term incentives, which it can use to attract and retain experienced and skilled personnel. This will also help the Company to adopt and implement a sound succession plan.

The Committee has considered the impact of the King IV™ Report on the remuneration policy as well as the amended JSE Listings Requirements and present this report in three parts:

- Part 1: the background statement, the remuneration philosophy and the context of the decisions and considerations taken during the reporting year which influenced the remuneration outcomes.
- Part 2: Mahube's remuneration policy.
- Part 3: the disclosure on the implementation of the remuneration policy during the year.

PART 1: BACKGROUND STATEMENT

Remuneration philosophy

The Board has delegated to the Committee to review the Company's remuneration policy. The remuneration policy has been formulated with Mahube's key objectives in mind. For the Company to be able to achieve these objectives, it requires experienced and skilled personnel that the Company can hire, retain and incentivise them to work diligently to deliver on achieving these objectives. This requires the Committee to ensure that all of Mahube's remuneration and reward offerings are commercially sound, market competitive and at all times adhere to all legal and regulatory prescripts. The Committee assists the Board of Directors by applying a remuneration strategy that ensures a balance in attracting, motivating, rewarding, and retaining key personnel through competitive remuneration practices, while creating shareholder value. In determining remuneration, the Committee takes into account the financial performance of the Company, operational requirements and future plans of the Company, as well as the interests of the shareholders. The Committee formulated a remuneration policy designed to give effect to the remuneration strategy and to support Mahube's business and strategic objectives.

Voting results and shareholder engagement

At the Company's AGM that convened on 31 August 2021 (the "2021 AGM"), the Company's remuneration report was presented and voted on in sections, namely:

Remuneration policy – not approved due to being supported by no more than 49.49% (2021: 59.89%) of the Company's shareholders who voted.

Remuneration implementation report – not approved due to being supported by no more than 49.49% (2021: 59.89%) of the Company's shareholders who voted.

The dissenting votes on both resolutions exceeded 25%. Even though the resolutions were advisory and do not have binding legal implications on the Company, the Board of Directors fittingly tasked the management to engage the dissenting shareholders post the 2021 AGM in order to understand the reasons for their lack of support on the two resolutions. The outcome of these engagements resulted in several refinements to the remuneration policy, including but not limited to:

Shareholder feedback	Mahube's action taken or response to feedback
Development and implementation of short-term incentives and long-term incentives, in order to attract and retain a skilled winning team	The Company developed a Long-term Incentive Scheme and a Short-term Incentive Scheme for consideration and subsequent implementation
Targets for the current executives were yet to be set	Targets for all current executives were reviewed and set
Review CEO and FD performance	Feedback confirmed that there was a misalignment between targets and performance due to the restructuring of the Company which has not yet come to fruition. Total scoring of FD on overall performance was 74% and on the CEO 68%
The Key Performance Areas and Key Performance Indicators with the weighting needs to be allocated to the respective executives while being expanded appropriately, to cover the remaining period of the current financial year and FY2022	Key performance areas and indicators together with weightings were developed, reviewed and implemented for all executives

The remuneration policy and the remuneration implementation report will again be tabled for separate non-binding advisory votes by shareholders at the Company's forthcoming AGM. The Board of Directors commits to take measures in the event that either the remuneration policy or the implementation report, or both, are voted against by 25% or more of the voting rights exercised, which measures will provide for taking steps in good faith and with best reasonable effort to:

- engage the dissenting shareholders in order to ascertain the reasons for their lack of support; and
- seek appropriate and lawful means to address legitimate and reasonable objections and concerns raised, which may include amending the remuneration policy, or clarifying and adjusting remuneration governance and/or processes.

PART 2: REMUNERATION POLICY

Overview of the remuneration policy

A copy of the full remuneration policy is available on request from the Company Secretary and for inspection at the Company's registered offices or available on the Company's website (www.mahube.africa).

Fundamental principles

The Committee focuses on ensuring that the Company's remuneration policy and framework is appropriate and relevant based on key principles including:

- to align to the Company's business strategy;
- to support the human capital strategy of the business of the Company;
- to appropriately remunerate employees for the services they render to the Company;
- to encourage and promote a high-performance culture;
- to remain flexible and adaptable to business requirements in a dynamic market environment;
- to meet and comply with applicable legislative requirements and best practice;
- to manage risk and adhere to corporate governance prescripts; and
- to achieve a fair, transparent, equitable and responsible remuneration framework.

Remuneration practices

Mahube's remuneration practices include the following procedures:

- benchmark remuneration packages against the market;
- provide an appropriate level of transparency;
- annually conduct performance assessments for all the Executive Directors and the Non-Executive;
- the annual adjustment will be guided by, amongst some factors, the general price inflation, the Company's retention strategies, the financial performance of the Company relative to its peers, projected growth, and industry average increase surveys, which are taken into consideration when assessing recommended increases; and
- the Committee is afforded the requisite independence on matters of remuneration governance.

Executive Directors

Executive Directors are full-time employees of the Company and, as such, each has an employment agreement that is subject to, amongst others, the Company's standard conditions of service, with a notice period that does not exceed three months. Unless otherwise stated in the contract of employment, there are no fixed terms of employment.

The objective of the Company's remuneration policy is to attract and retain, amongst others, high-calibre executives, as well as to motivate and reward them for developing and implementing the Company's strategy to deliver consistent and sustainable shareholder value, while promoting an ethical culture and corporate citizenship. During the period under review, the remuneration for the CEO and the FD consisted of only the base salary.

Short-term incentives and long-term incentives

During the period under review, the Company did not have an incentive scheme in place that it is able to implement. Notwithstanding, the Company has designed a scheme that aligns with its strategy of establishing a Black Asset Manager to manage its business. The intention is for the Black Asset Manager to adopt and implement the incentive scheme that has been designed, and then to use it to award short-term incentives and long-term incentives. Consequently there were no short-term incentives nor long-term incentives paid for the period under review.

Elements of remuneration

The Company has adopted an integrated approach to rewarding its employees based on the following principles:

- Total Guaranteed Package ("TGP"), being guaranteed base salary;
- Incentive-based rewards, being incentives earned through the achievement of financial and non-financial performance targets;
- Short-term incentives, being cash bonuses quantified with reference to a percentage of annualised total guaranteed pay, and subject to achievement of positive profitability by the Company;
- Long-term incentives, being equity value-based awards that are used to align the long-term interests of the recipients with those of the Company and of its shareholders, and which are responsibly implemented so as not to expose shareholders to unreasonable or unexpected financial impact. During the period under review the Company did not have any long-term incentive plans in place. In addition the Company does not have any post-retirement obligations;
- Executive Directors do not receive Directors' fees for attending meetings of the Board of Directors nor meetings of the Committees of the Board.

Details of Executive Directors' remuneration for the year under review are provided in the implementation report below.

The table below provides a detailed breakdown of the elements of employee remuneration for the Company:

Remuneration element	Component	Component description and intent	Delivery mechanism
Fixed remuneration	Base salary	The employee receives a fixed amount of remuneration, which is benchmarked against the median remuneration amount paid by other South African companies of comparable size, scope, and business complexity. The base salary amount reflects the nature of the role, and the employee's skill and experience.	TGP
	Benefits	When the Company elects to put these in place, the benefits may include retirement provision, health, and other life insurance protection (including protection against dread diseases, death, and disability), all to be included in the TGP on a total cost to company approach.	TGP

PART 2: REMUNERATION POLICY (continued)**Overview of the remuneration policy (continued)****Elements of remuneration (continued)**

At the upcoming AGM, Sisanda Tuku retires by rotation and being eligible will be standing for re-election.

The following pertains to Non-Executive Directors' fees:

- Non-Executive Directors' fees will be tabled for shareholder approval on an annual basis at the Company's AGM;

- Fees for special assignment of one or more tasked members of the Board or of any Committee, which may also include travel locally and abroad, are to be agreed upfront with the Chairperson of the Board;

COVID-19 PANDEMIC DEVELOPMENTS

One of Mahube's top priorities is to protect the health and safety of all our stakeholders and with this in mind we will continue to closely monitor developments around Covid-19 (coronavirus).

Although the intention is to hold the AGM as scheduled on Tuesday 20 September 2022 at the set venue, Mahube strongly encourages its shareholders not to attend in person but to exercise their voting rights by way of electronic or written proxy and to submit their questions relating to the 2022 AGM agenda in advance by email to the Company Secretary melinda@fusioncorp.co.za or monica@fusioncorp.co.za.

Mahube reserves the right to make further changes, such as limiting the number of attendees to enable social distancing, changing the venue, providing live voting facilities, or even prohibiting physical attendance, should same be required.

Shareholders should regularly check the release of SENS announcements on the JSE Limited's platform and on the Mahube website for any further updates.

Mahube will continue to evaluate the implications of regulations announced by the South African government, as well as any potential future measures that may be imposed by the government or recommended by the World Health Organisation.

ACTION BY SHAREHOLDERS

Certificated shareholders or "own-name" registered dematerialised shareholders are entitled to attend, participate and vote at the AGM or any adjournment thereof or may appoint one or more proxies to attend, speak and vote thereat in their stead. A proxy need not be a member of the Board. Completion of a form of proxy will not preclude such shareholder from attending and voting (in preference to that shareholder's proxy) at the AGM or any adjournment thereof.

Dematerialised shareholders (not with "own-name" registration) must notify their Central Securities Depository Participant ("CSDP") or broker of their intention to attend the AGM in order for such CSDP or broker to be able to issue them with the necessary authorisation letter to enable them to attend the AGM, or, alternatively, should the dematerialised shareholder not wish to attend the AGM, they should provide their CSDP or broker with their voting instructions.

For administrative purposes only, we request that forms of proxy be delivered to Mahube's transfer secretaries situated at Computershare Investor Services Proprietary Limited, Rosebank Towers, 15 Biermann Avenue, Rosebank, 2196 or be posted to Private Bag X9000, Saxonwold, 2132, South Africa, to be received by them by no later than 10:00 on Friday, 16 September 2022 (or 48 hours before any adjournments of the AGM, which date, if necessary, will be notified on SENS). Thereafter, forms of proxy may be delivered to the Chairperson of the AGM, at the AGM, before voting on a particular resolution commences.

At the AGM, each shareholder will have voting rights determined in terms of the voting rights attaching to the shares held by such shareholder as set out in the memorandum of incorporation of the Company ("MOI").

AGM participants may be required to provide identification to the reasonable satisfaction of the Chairperson of the AGM. An official identification document issued by the South African Department of Home Affairs, a driver's licence or a valid passport will be accepted as sufficient identification.

Shareholders who have any doubt as to the action they are required to take in respect of the following resolutions should consult their CSDP, broker, banker, attorney, accountant, or other professional adviser immediately.

NOTICE OF ANNUAL GENERAL MEETING (continued)

for the year ended 28 February 2022

PURPOSE

The purpose of the AGM is for the following business to be transacted:

- (a) The Board will present the audited Annual Financial Statements of Mahube for the financial year ended 28 February 2022 (as approved by the Board as required in terms of section 30(3)(c) of the Companies Act (2021 AFS), including the reports of the independent auditors, the Directors, the Social and Ethics Committee and the Audit and Risk Committee to shareholders;
- (b) The shareholders will consider and, if deemed fit, pass, with or without modification, the ordinary and special resolutions ("resolutions") set out in this notice (which are to be proposed at the AGM) in accordance with the requirements of the MOI, the Companies Act, the JSE Listings Requirements ("Listings Requirements") and to the extent applicable, in accordance with the principles and recommended practices set out in the King IV™ Report on Corporate Governance for South Africa, 2016 ("King IV™"); and
- (c) Consider any matters as may lawfully be dealt with at the AGM, in terms of the Companies Act.

AGENDA

The Integrated Annual Report of Mahube for 2022, incorporating, inter alia, the Directors' report, the 2022 AFS, the report of the independent auditors, the report of the Social and Ethics Committee and the report of the Audit and Risk Committee found in the Integrated Annual Report of Mahube for 2022 was made available to shareholders on 30 June 2022.

The 2022 AFS, the report of the independent auditors, the report of the Social and Ethics Committee and the report of the Audit and Risk Committee will be presented to the shareholders at the AGM as required in terms of the Companies Act, read with the Companies Regulations, 2011.

Report on the Social and Ethics Committee

The Company's Social and Ethics Committee report, included in the Integrated Annual Report, will serve as the Social and Ethics Committee's report to the Company's shareholders on the matters within its mandate at the AGM. Any specific questions to the Committee may be sent to the Company Secretary prior to the AGM.

Ordinary resolutions

To consider and, if deemed fit, to pass, with or without modification, the ordinary resolutions relating to the business set out below. Same as contemplated below, the minimum percentage of voting rights required for each of the ordinary resolutions set out below to be adopted is more than 50% (fifty percent) of the voting rights exercised on each of the resolutions by shareholders present or represented by proxy and entitled to vote at the AGM.

1. RETIREMENT AND RE-ELECTION OF DIRECTOR

1.1 Ordinary resolution number 1

"Resolved that Mr T Bukula who retires by rotation in terms of Article 28 of the MOI and, being eligible, offers himself for re-election, be and is hereby re-elected as an Independent Non-Executive Director."

An abbreviated curriculum vitae of Mr T Bukula appears in the Integrated Annual Report.

In accordance with the MOI, one-third of all Directors are required to retire at the AGM. Accordingly, Mr T Bukula will retire and, being eligible, offers himself for re-election to serve as a Director of Mahube. The Nomination Committee reviewed the composition of the Board against corporate governance, individual performance and diversity requirements and has recommended the re-election of Mr T Bukula.

Following such review, the Board recommends to shareholders the re-election of Mr T Bukula as Director, as required under section 68(2) of the Companies Act.

2. APPOINTMENT AND REAPPOINTMENT OF THE MEMBERS OF THE AUDIT AND RISK COMMITTEE OF THE COMPANY

Note:

For avoidance of doubt, all references to the Audit and Risk Committee of the Company is a reference to the Audit Committee as contemplated in the Companies Act.

"Resolved to individually elect and/or re-elect the following Directors (ordinary resolutions 2 to 4 to be voted on and adopted as separate resolutions) of Mahube as the Chairperson and members of the Audit and Risk Committee until the conclusion of the next AGM of Mahube. The Board recommends the appointment of these members."

2.1 Ordinary resolution number 2.1

"Resolved that Ms S Tuku, being eligible, be and is reappointed as a member of the Audit and Risk Committee of the Company, until the conclusion of the next AGM of the Company."

2.2 Ordinary resolution number 2.2

"Resolved that, subject to the passing of Ordinary Resolution number 1.1, Mr T Bukula, being eligible, be and is hereby reappointed as a member of the Audit and Risk Committee of the Company, until the conclusion of the next AGM of the Company."

2.3 Ordinary resolution number 2.3

"Resolved that Mrs K Breytenbach, being eligible, be and is hereby reappointed as a member of the Audit and Risk Committee of the Company, until the conclusion of the next AGM of the Company."

NOTICE OF ANNUAL GENERAL MEETING (continued)

for the year ended 28 February 2022

In terms of section 94(2) of the Companies Act, an audit committee comprising at least three members must be elected by shareholders at each annual general meeting of a public company. Further, in terms of regulation 42 of the Companies Regulations, 2011, at least one-third of the members of a public company's audit committee members must have appropriate academic qualifications or experience in economics, law, corporate governance, finance, accounting, commerce, industry, public affairs, or human resource management.

Having reviewed the composition of the Audit and Risk Committee and the qualifications, experience, expertise, and independence of each of the members of the Audit and Risk Committee, the Nomination Committee satisfied itself that the members of the Audit and Risk Committee continue to meet the requirements of the Companies Act and King IV™.

The Nomination Committee accordingly unanimously recommends and supports the re-election of Ms S Tuku, Mrs K Breytenbach and Mr T Bukula to the Audit and Risk Committee.

A brief curriculum vitae of each of the Directors up for election to the Audit and Risk Committee appears in the Integrated Annual Report.

3. APPOINTMENT OF INDEPENDENT AUDITOR AND DESIGNATED AUDIT PARTNER

3.1 Ordinary resolution number 3

"Resolved that BDO South Africa Incorporated, with the designated audit partner being Mohamed Zakaria Sadek, be and is hereby reappointed as the independent external auditor of the Company, for the ensuing year on the recommendation of the Audit and Risk Committee of the Company, and that shareholders authorise the Audit and Risk Committee to determine the auditor's remuneration."

The Audit and Risk Committee assessed the performance and accreditation of the proposed independent auditor and the proposed individual registered auditor (i.e., the designated auditor) in terms of the applicable regulations and legislation and is satisfied with their independence, accreditation and performance. The Audit and Risk Committee is also satisfied that the audit firm is accredited to appear on the JSE List of Accredited Auditors and that the individual registered auditor of the Company does not appear on the JSE List of Disqualified Auditors.

4. NON-BINDING ENDORSEMENT OF MAHUBE INFRASTRUCTURE LIMITED'S REMUNERATION POLICY AND IMPLEMENTATION REPORT

4.1 Non-binding advisory resolution number 4.1

"Resolved that the Company's remuneration policy as set out on pages 12 to 18, be and is hereby endorsed by way of a non-binding advisory vote."

4.2 Non-binding advisory resolution number 4.2

"Resolved that the Company's remuneration implementation report in regard to its remuneration policy, as contained on pages 12 to 18, be and is hereby endorsed by way of a non-binding advisory vote."

The reason for non-binding advisory resolution numbers 1 and 2 is that King IV™ and the Listings Requirements recommend that the remuneration policy and implementation report of the Company be endorsed through a non-binding advisory vote by shareholders at each AGM of the Company.

The non-binding advisory vote enables shareholders to express their views on the remuneration policies adopted and on the manner in which the Company implements the remuneration policy. Non-binding advisory resolution numbers 1 and 2 are of an advisory nature only and failure to pass these resolutions will therefore not have any legal consequences relating to existing remuneration arrangements.

However, the Board will engage with dissenting shareholders in good faith in the event that a vote of 25% or more is recorded against either non-binding advisory resolution number 1 or non-binding advisory resolution number 2, to ascertain with best reasonable effort the reasons for the dissenting votes, and to address legitimate and reasonable objections.

Shareholder engagements were held in relation to the previous AGM and Mahube has taken steps to address shareholders' concerns as detailed in the Company's Remuneration Report. The Board will take the outcome of the vote, and any subsequent engagement with dissenting shareholders, into consideration when considering amendments to the Company's remuneration policy and appropriate action may be taken to address issues raised as envisaged in the King IV™ and the JSE Listings Requirements.

5. SPECIAL RESOLUTIONS

To consider and, if deemed fit, to pass, with or without modification, the special resolution relating to the business set out below. At least 75% (seventy-five percent) of the voting rights exercised on this resolution must be exercised in favour of such resolution in order for it to be validly adopted.

Special/Ad Hoc Committee Chairperson	17 588	16 592

The reason for special resolution number 1 is for the Company to obtain the approval of shareholders, by way of a special resolution, for the payment of remuneration to its Non-Executive Directors in accordance with the requirements of the Companies Act.

The effect of special resolution number 1 is that the Company will be able to pay its Non-Executive Directors for the services they render to the Company as Directors without requiring further shareholder approval until the next AGM of the Company.

For this resolution to be adopted, at least 75% of the shareholders present in person or by proxy and entitled to vote on this resolution at the AGM must cast their vote in favour of this resolution.

6. OTHER BUSINESS

To transact such other business as may be transacted at an AGM or raised by shareholders with or without advance notice to the Company.

Electronic participation

In terms of section 61(10) of the Companies Act, every shareholders' meeting of a public company must be reasonably accessible within South Africa for electronic participation by shareholders. Therefore, shareholders or their proxies may participate in (but not vote at) a meeting by way of a teleconference call if they wish to do so. In this event:

- written notice to participate via electronic communication must be sent to Mahube's Company Secretary, Fusion Corporate Secretarial Services Proprietary Limited, to melinda@fusioncorp.co.za or monica@fusioncorp.co.za to be received by no later than 10:00 on Tuesday, 12 September 2022;
- a pin number and dial-in details for the conference call will be provided;
- shareholders will be billed separately by their own telephone service providers for the teleconference call to participate in the AGM; and
- valid identification will be required:
 - if the shareholder is an individual, a certified copy of their identity document and/or passport;
 - if the shareholder is not an individual, a certified copy of a resolution by the relevant entity and a certified copy of the identity documents and/or passports of the persons who passed the relevant resolution, specifying the name of the individual that is authorised to represent the relevant entity at the AGM by way of teleconference call; and
 - a valid email address and/or facsimile number.

Shareholders participating in this manner and who may wish to vote will still have to appoint a proxy to vote on their behalf at the AGM.

1. A Mahube shareholder may insert the name of a proxy or the names of two alternative proxies of the shareholder's choice in the space(s) provided, with or without deleting "the Chairperson of the AGM". The person whose name appears first on the form of proxy and who is present at the meeting will be entitled to act as proxy to the exclusion of those whose names follow.
2. A Mahube shareholder's instructions to the proxy must be indicated by the insertion of the relevant number of shares to be voted on behalf of that shareholder in the appropriate box provided. Failure to comply with the above will be deemed to authorise the Chairperson of the AGM, if he/she is the authorised proxy, to vote in favour of the resolutions at the meeting, or any other proxy to vote or to abstain from voting at the meeting as he/she deems fit, in respect of all the shares concerned. A shareholder or his/her proxy is not obliged to use all the votes exercisable by the shareholder or his/her proxy, but the total of the votes cast and in respect whereof abstentions are recorded may not exceed the total of the votes exercisable by the shareholder or his/her proxy.
